RHEUMATISM
LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every drugist in this country is authorized to sell every rheumatic sufferer that 12 two bottles of Allenburys, the sure conqueror of rheumatism, does not stop all pain, reduce swollen joints and do away with even the most obstinate twinges of rheumatic pain. He will gladly return your money without comment.

Allenbury has been tried and tested for years and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and chronic and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenbury, who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbury decisively conquers that worst of all diseases, and he has instructed by Wells' Drug Company to

HOBART NEWS

The home of Mr. and Mrs. Sela was the scene of a pretty wedding last Saturday afternoon when their only daughter, Miss Helen, was united in marriage to Mr. Glen Wall, son of Mr. and Mrs. A. M. Wall of this place. The bride wore a charming dress of pink tulle with a corsage bouquet of sweet peas and pink rose buds. The ceremony was performed at 1 o'clock by Rev. Aylmer of Crown Point in the presence of only the immediate members of both families. Following the ceremony a wedding dinner was served. The young couple left on a short trip and upon their return will reside with the bride's parents until their bungalow, which is under construction is completed. The bride is popular among the younger set, she is a graduate of the Hobart high school and during the past few years has been employed as private secretary for the National Fire Proofing company. The groom is in the contracting business here with his father.

Mrs. H. Brand entertained the Whist club at her home Friday evening in honor of her daughter, Miss Mayme, whose marriage to Wm. Fleck will

take place this month as a remembrance of the occasion she was presented with silverware.

Rev. Father Hoff of St. Bridget's Catholic church delivered his farewell sermon Sunday morning. Owing to his declining health he was compelled to resign and for the present he will go to Chicago to reside with his mother and expects to leave here this week. Father J. Lynn has been appointed to take his place here and will arrive Wednesday of this week.

Dr. and Mrs. Murphy and Miss Boldt of Chicago visited relatives here Sunday.

The roof of the Amazon caught on fire Saturday and considerable damage was done before the fire was put under control.

Mrs. William De Weese and Miss Elizabeth Thelen of Chicago are visiting several days at the home of Mr. and Mrs. Edward Anstgen. Charles Nolan spent Thursday and Friday at Hammond. A baby boy was born to Mr. and Mrs. Frank Becker last week. Miss Lillian Becker had the misfortune to break her arm and is at the Gary hospital. The coming marriage of Miss Veronica Dewes to George Herman has been announced. Miss Mary Thell of Hammond is spending the week-end here with her parents. When near Cedar Lake with a truck of stone, John Pfeiffer, Jr., was met by a large machine who did not give any road, so instead of running into the machine Mr. Pfeiffer went to the edge of the road and turned into the ditch and the truck and stone. Mr. Pfeiffer escaped injury and crawled out underneath the truck. Mrs. Joe Scheldt was a Hammond visitor on Saturday. Mr. and Mrs. Frank Scheldt were Hammond visitors on Sunday. Mrs. Florence Kellman of Englewood is visiting here with her mother. Miss Rosa Ludwig of Chicago visited Saturday and Sunday here with relatives. The infant daughter of Mr. and Mrs. Bon Klein was christened Sunday afternoon and was named Edna Elphora. Mrs. Peter Thellen and Lue Klein were sponsors. John Stark, Jr., of Gary visited Sunday here with his parents. Mr. and Mrs. Rob Connors of Chicago spent Sunday with Frank Stark and family. Mrs. Mary Kellman is visiting at De Maat with her daughter, Mrs. C. J. Pettit. Nicholas Thellen left Monday morning for Foley, Ala., where he intends to build a little home for the winter. Mr. Thellen has been here only two weeks to visit with his relatives.

BEFORE AND AFTER
CHILDBIRTH

Mrs. Williams Tells How Lydia E. Pinkham's Vegetable Compound Kept Her in Health

Overpeck, O.—"Lydia E. Pinkham's Vegetable Compound helped me both before and after my baby was born. I suffered with backache, headache, was generally run down and weak. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and decided to try it. Now I feel fine, take care of my two boys and do my own work."

I recommend your medicine to anyone who is ailing. You may publish my testimonial if you think it will help others."

Mrs. CARRIE WILLIAMS, Overpeck, Ohio. For more than forty years Lydia E. Pinkham's Vegetable Compound has been restoring women to health who suffered from irregularities, displacements, backaches, headaches, bearing-down pains, nervousness or "the blues." Today there is hardly a town or hamlet in the United States wherein some woman does not reside who has been made well by it. That is why Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for such ailments.

Henry Walters has bought out Phil Gerlach's place of business. Mr. and Mrs. E. Stowel from Snyder visited at the J. Glazier home last Sunday. Mrs. Haldah Glazier is no better at this time.

Mrs. Kate Pierce is not so well this week. Lincoln highway men are working full force this week. Fifteen new trucks came from Peoria, Ill., last week. Robert Saxton and Harry Woods are driving new automobiles these days.

Consider
Your Clothes

HAVE you ever stopped to think of the part petroleum plays in converting raw material into the fabrics which are used to make your suit of clothes? From the wool on a sheep's back to the clothes on your back is a long journey and petroleum shortens it at every step.

By machinery lubricated with petroleum, a man may shear from 175 to 200 fleeces a day. By the old method, 50 fleeces would be considered a big day's work.

After leaving the sheep, the wool passes through ten major processes before it is ready for the tailor. Each of these require the use of intricate machinery, having bearings which run at speeds varying from 350 to 12,000 revolutions per minute.

From the clipper to the last finishing machine, a diversity of mechanical conditions exist, each of which has been studied and experimented with, and a lubricant found which meets exactly the needs of the machinery.

In solving these lubricating problems, and manufacturing oils and greases which enable these machines to perform their work, the Standard Oil Company (Indiana) always has been among the leaders.

Its staff of carefully trained chemists, refiners, and lubricating engineers are constantly at work, devising new and more efficient means of reducing friction.

This Company computes its success not wholly upon its balance sheets, not wholly upon the number of useful products it manufactures, but rather upon the fact that many of the useful products of petroleum are made from material which otherwise would be wasted, and are made by processes which were evolved in the Company's laboratories.
